WE SERVE, TOO

A woman has a chance to express her concern for human need through structured, productive service activities that benefit communities both near and far.

She can work side-by-side with other women and men who share her ideals, who are similarly committed to helping change the world for the better.

She enjoys the fellowship of her club and the friendships that rise from it. She knows she is part of an Association that offers service opportunities for the family unit.

It offers a means for outstanding single women in the community to add their talents to the cause of Lionism. It prevents widows from severing ties with lifelong club friends. Professional women and homemakers, mothers and working girls all have something very special to give to Lionism.

You've come a long way ladies. And as long as human need continues to exist — you'll have a long way left to go.
