

2022-2023 CLUB SERVICE CHALLENGE AWARD

There are 5 service activity categories:

Hunger

Vision

Diabetes Awareness

Childhood Cancer

Environment

The first number of your club score is the number of these 5 categories that you have entered in My Lion. Say you entered an activity for Hunger, Vision and Environment, so that's a **3**.

The next step is to take the total number of activities your club has entered in My Lion, say its **48**. That's the second two numbers of your club score. Your club score is **3+48** or **348**.

We will compile the numbers from MyLion reports and post the top 10 clubs per quarter. At the end of the year a winner will be announced, and the club will win a plaque. Good Luck and Remember..... WE SERVE

2022-2023 CLUB MEMBERSHIP CHALLENGE AWARD

So how this works is we take your clubs starting strength as of July 1st and then we take your clubs ending strength which is the number of dropped members you have had all year minus your starting strength. This is your “RETENTION” factor.

For example, your starting strength is 32 members, and your dropped members is 4. 32 minus 4 equals 28 so $28/32$ is .875. Your clubs RETENTION score is .875.

Next part is NEW MEMBERS. Every NEW MEMBER counts as 1. So, let’s say you have 5 NEW MEMBERS in your club all year, your NEW MEMBER score is 5.

Finally, your Club Membership score is calculated by adding your NEW MEMBERS to your Club RETENTION score and that is your clubs MEMBERSHIP SCORE.

Example: You have had 5 NEW MEMBERS, that’s 5 plus your club RETENTION score which is .875. Your Club MEMBERSHIP score is 5 plus .875 or 5.875.

Top 10 scores will be announced quarterly, and a winner will be announced at the end of the year and the club will win a plaque. WE SERVE
