Fellow Lions, Lionesses, Ladies and Guests,

It is a great honor to welcome you to Ripon and the Fourth Annual District 27-B1 Convention.

We are privileged and pleased to welcome our guest speaker, Past International Director Edwin H. Flood of Amarillo, Texas. His message will surely inspire all of us to continue the proud heritage of Lionism, SERVICE TO THOSE LESS FORTUNATE, and to use our very best efforts to help achieve "A WORLD TOGETHER."

The objectives of this Convention are: To illustrate and promote opportunities for service; To develop effective and informed leadership; and To create a spirit of fellowship and enthusiasm.

The Ripon Lions have spared no effort to make this an informative, interesting and fun convention. Please patronize the advertisers listed in this program book and those who display our "Welcome" banners.

I wish to express a most sincere "THANK YOU" for the privilege of serving the Lions of this District 27-B1 as District Governor during 1979-80.

ORVIN DOEDE
District Governor

As your Convention Chairman, I welcome you to Ripon for the Fourth Annual District Convention.

The Ripon Lions and Ladies have worked hard to make your short stay in Ripon very informative and enjoyable. Remember though that the test of a successful convention depends on the amount of participation of each Lion in the programs. Let's make this a very successful convention.

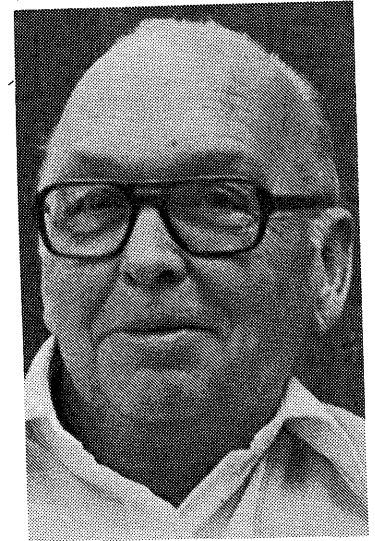

Thank you for attending the Fourth Annual District Convention.

Yours in Lionism

Clarence Weller, P.D. G.
Convention Chairman

To: Lions District Convention

On behalf of the City of Ripon, I would like to extend a sincere welcome to members of Lions International for your Annual District Convention.

The people of Ripon are justifiably proud of their City for its industrial, commercial and cultural environment it provides. Founded in 1849, it is the birthplace of the Republican Party and home of Ripon College.

Again, we enjoy being your host for the 1979 District Convention. I'm sure you will enjoy the warm hospitality Ripon citizens extend to visitors.

I hope you enjoy your stay in our area and that you have a successful convention.

Sincerely,

Warren C. Bredahl
Mayor

THE RIPON LIONS

EDWIN H. FLOOD
Past International Director

Edwin H. Flood, of Amarillo, Texas, served a two-year term as a Director of The International Association of Lions Clubs after his election at the Association's 59th convention held in June, 1976, in Honolulu, Hawaii.

Involved in wholesale and retail oil and gas marketing, real estate and investments, Past Director Flood has served in several capacities on the Club and District levels of Lionism. He has acted as the Lions International Foundation Chairman for the State of Texas, as Membership Chairman and Extension Chairman of Texas, was his District's Public Relations Chairman and served as a 100% District Governor.

His other Lion activities include serving as director of the Lions Crippled Children's Camp in Kerrville, Texas, and as District Chairman of the Lions Girltown Christmas Fund.

For his contributions to Lionism's worldwide service effort, Lion Flood has received the Senior Master Key, the Melvin Jones Award, an International President's Award, and was named Lion of the Year by several Amarillo Lions Clubs.

Past Director Flood's work in the community includes serving as a board member of the Texas State Council for Economic Education, the Amarillo Chamber of Commerce, the Amarillo Young Men's Christian Association and the Texas Oil Marketers Association. He is also a member of the West Texas State University President's Council and is a former director of the Amarillo Highway Association.

He and his wife, Ann, have two children.

NOTES

NOTES

“There’s a better way to do it - Find it.”
 - Thomas A. Edison

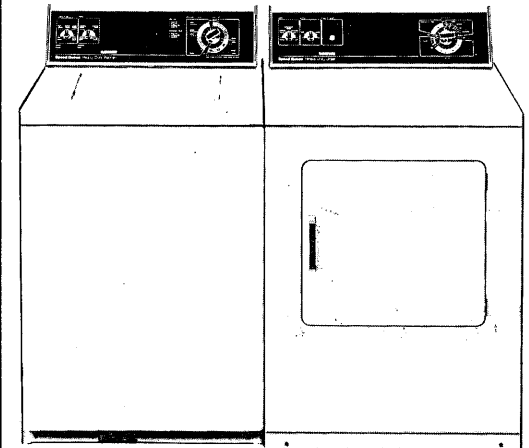

71 years of finding the better way.

As an inventor, old Tom knew what he was talking about. Speed Queen has built fine washing machines for 71 years on that very premise.

Our first machine, built in 1908 by hardware merchants Barlow and Seelig, was a hand-powered washer called “The White Cloud.”

Constant improvements followed: electric motors, power-driven wringing mechanisms, improved washing actions, enclosed chassis, and metal frames instead of wood.

Today, Speed Queen is the only manufacturer in the United States devoted exclusively to the manufacture of automatic washers, wringer washers (yes, we still make ‘em) and automatic dryers. We’re Number One in America’s coin-operated laundries. And we’re still finding better ways!
