OFFICE OF MAYOR

September 1, 1977

Lions International District 27-B1
Mini Convention
Manitowoc, Wisconsin 54220

Dear Members of Lions International District 27-B1

As Mayor of the City of Manitowoc it is with great honor and much pleasure that I welcome you to our City for your Mini Convention.

The Lions Club in our City has been a mainstay of the good service organizations that make up our community. They have truly lived up to the Lions Creed of providing community service through activities such as Citizenship Services; Environmental Services; Health Services; Safety; Sight Conservation and Aid to the Blind. Our local Lions have done this and more, so it leaves us, the residents of Manitowoc, with the welcome opportunity to be truly proud to host an organization as worthy as the Lions and the highly motivated and qualified citizens who make up your membership.

I am sure that during your brief visit in our community you will find all our residents gracious, friendly and generous hosts. We are all proud to host an organization with goals as lofty and worthy as those of the Lions International.

Though the setting of any convention is important, those gathered in the setting are what really insures the organizations ability to succeed.

The services of city government are at your disposal to help in any way to make this a memorable weekend, and we wish all of you good health and much success in the days ahead.

Welcome to Manitowoc, and thank you for coming.

Very truly yours,

A handwritten signature in cursive script that reads "Anthony V. Dufek".

Greetings from the University of Wisconsin Center-Manitowoc County!

On behalf of all the faculty and staff of our Center I take great pleasure in welcoming to our beautiful lakeshore campus all the participants in the annual District 27B-1 Lions Convention.

The Lions and our University Center share the mission of serving the needs of our local and regional communities. Both are dedicated to helping people better themselves so as to become more effective participants in all the facets of our society and derive greater enjoyment of all the good things human life has to offer. Both are dependent upon the support and unselfish co-operation of hard working individuals willing to go more than half-way in assisting those whose resources, human and material, are limited. Both seek as their primary reward the personal satisfaction of a job well done.

It is in this spirit of friendship and brotherhood united in a common purpose that we say a hearty "hello" to all the Lions, Ladies Lioness, and Leo Club members visiting with us today. May your discussions be enjoyable and fruitful, may your hours of fellowship be memorable, and may you come back to our campus frequently in the future.
